

Supply Chain: Reimagined

Solving everyday supply chain issues, one case at a time.

You need product to move efficiently from A to B—and sometimes C, D, and E—to develop consistent, quality menu items across your establishments. When you partner with Dot Foods, you solve challenges by removing traditional supply chain roadblocks.

Traditional Supply Chain

- Supplier minimums result in excess costs and inventory.
- Long lead times hurt efficiency and consistency while making replenishment a challenge.
- Without a reliable fleet and sufficient number of locations, some suppliers can't provide the level of service you need.
- You receive discounts and special pricing through programs with your suppliers.

Supply Chain with Dot

- With no product-line minimums, your distributor can add as little as one case of your product to their order.
- Our two-to-four-day lead time results in faster speed to market and efficient replenishment.
- We have 13 U.S. locations and a dedicated fleet, ensuring we can deliver across the country on time and in full.
- Same here—Dot won't get in the way of your relationship and pricing with your suppliers.

Connect the Dots

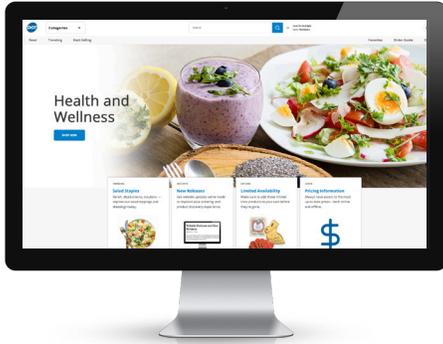

We coordinate with you, your suppliers, and your distributors to get you the products you need, when you need them.

“If you're not using Dot, then you're missing a piece of your supply chain. —Chris Eichfield, District Taco

Our Solutions

DotFoods.com

Our website is your one-stop-shop for viewing product details, checking inventory status, ordering samples, and more.

- 125,000+ products from 1,000+ suppliers
- Sample order history, product details, and images to simplify sourcing
- Inventory metrics for Dot warehouses and your distribution network

LTO Management

With our one-case minimums, weekly deliveries, short lead time, and inbound supply chain from suppliers, Dot provides the best solution for executing your limited-time offers.

- Coordination with you, your distributors, and suppliers to maximize service levels
- Monitoring of available cases, inventory, and item movement
- Mitigate risk of obsolete or excess products

Sampling

Order samples from multiple suppliers and product lines on our website and get them shipped to you fast.

- Source 1 case of any item
- Free shipping
- 2-day turnaround
